

# PHUTHANADOL DHIANTRAVAN

UX/UI Designer

📞 (+66) 86-039-6413 📩 phumthanadol@gmail.com

UX/UI Designer specializing in system design, user flows, and high-fidelity UI for both customer-facing products and back-office management systems.

Experienced in translating business requirements and client needs into clear, structured interfaces, with a strong focus on usability, system consistency, and developer collaboration.

## EXPERIENCE

### Middle UX/UI Designer - Fulltime

Codelabs Tech Co.,Ltd.

June 2025 - Present

- Designed end-to-end user flows and high-fidelity UI for both customer-facing systems and internal back-office management platforms.
- Translated business requirements and client feedback into structured UX flows and clear UI solutions.
- Collaborated closely with developers to ensure feasibility, system consistency, and smooth implementation.
- Designed complex, data-driven interfaces such as dashboards, management tables, and multi-step workflows.
- Participated in client discussions to clarify requirements, identify gaps, and propose UX solutions that balance business needs and usability.

### UX/UI & Graphic Designer - Fulltime

Edutech Innovation Co.,Ltd.

Oct 2023 - May 2025 · 1 year 7 months

- Designed user flows and high-fidelity UI for a children's English learning platform.
- Delivered end-to-end UI for core features, from learning flows to content presentation.
- Created interactive prototypes to support development and stakeholder alignment.
- Designed in-product illustrations and visual assets to enhance engagement.
- Produced marketing and promotional graphics aligned with product direction.
